MEMORANDUM FOR Certain Victory Food Services Inc.

SUBJECT: Letter of Recognition to Certain Victory for Warrior Forge 2009

1. Certain Victory Food Services Inc. has provided excellent support, superior service, and outstanding meals for all Soldiers, Cadets, and Cadre during the 2009 Warrior Forge exercise from 1 Jun – 31 July 2009.
2. Operation Warrior Forge is the largest Cadet Command exercise in the United States and food service plays an integral role in the successful operation of Warrior Forge. Certain Victory Food Services Inc. masterfully prepared and provided up to three meals per day for over 8,500 Cadre, Cadets, and Civilians during this operation. This service was significant because the training environment at Warrior Forge is very dynamic and changes to the training schedule occurred daily. However, Certain Victory Food Services Inc. was extremely adaptive to these unforeseen changes and ensured that all persons were served with a quality meal.
3. Certain Victory Food Services Inc. management and staff were constantly engaged in ensuring that we received the very best support for Warrior Forge 2009. Every employee displayed total professionalism in all of their actions, duties and responsibilities. Your organization has an understanding of the needs of the Warrior Forge mission and the familiarity with the execution of the operation. These factors, combined with your staff's managerial expertise, positive attitude, and superior professionalism enabled you to provide our cadets with a superior product.
4. The point of contact for this memorandum is CW3 Charles W. Hunter, Food Operations, Warrior Forge 2009 Logistics Division, telephone 406-861-1492; email charles.hunter@us.army.mil.
